

Winning Water: 2008 Children's Water Festival

Everyone wins with clean water!

Keep Georgia Beautiful, 60 Executive Park South, NE, Atlanta, Georgia 30329-2231

August 29, 2007

Dear Potential Sponsor:

On Wednesday, March 19, 2008, approximately 1,200 fourth grade students will attend the 2008 Children's Water Festival hosted by Georgia Southern University and Keep Georgia Beautiful. The festival will take place on the campus of Georgia Southern University in Statesboro, Georgia from 8:00 a.m. to 4:30 p.m. and 4th graders from the Ogeechee and Lower Savannah River Basins will be invited. This year's theme is "Winning Water: The 2008 Children's Water Festival." This festival is a hands-on, educational experience for students and teachers. The festival will include: classroom sessions, water entertainers, Team H₂O Pit Stop (water taste test station), and indoor and outdoor activities at the Water Festival Jamboree Activity Hall. Because of the success of previous festivals in Columbus-Muscogee County, Dalton, Athens-Clarke County and Macon, additional festivals will occur each year in a different river basin. As residents of Georgia, we know that water (both surface and ground) connects us all and through this festival we can educate our future about the importance of water.

The partners are seeking your support for this unique water event. As a sponsor, you will be listed in the Official Festival Program and all promotional materials for the Festival. Please see the attachment for additional incentives at each sponsorship level.

Please return the enclosed sponsor form by December 14, 2008. We would like to extend our heartfelt appreciation for your support of this event, which will give so much to the children of Georgia. Contact Lynn Cobb at lcobb@dca.state.ga.us or 404-679-4910 for additional festival information or visit www.winningwater.org.

Sincerely,

Sarah Visser
Festival Coordinator
